PROJECTS

Portfolio website | Designed and built entirely by me using ReactJS and CSS3.   Link | Code

I Need to Save | I coded pagination and table sorting with vanilla JavaScript, as well as using some libraries like ChartsJS.   Code

Network | For this project I built the backend and frontend from scratch using Django and JavaScript.   Code

Mail | Gmail-like web application. In this app I've created a single page web application with vanilla JavaScript.   Code

Commerce | Ebay-like web application. This project was mainly focused on Django and its ORM.   Code

Wiki | Wikipedia-like web application. This was the first project that I've made with Django.   Code
